Pets – FAQs

Do you allow pets?

Our company is pet-friendly and many of the homes we manage do allow pets. However, this decision is ultimately up to our home owners. If there is a property that interests you and you would like to know if a pet(s) would be allowed, please review the pet information of the rental listing here:

https://www.laurahawley.com/listings/For_Rent.

If you still have a question, you may make a general inquiry by providing the property address, animal type, breed type, age, and number of pets to us here:

https://www.laurahawley.com/Property_Management/Pet_Inquiry.

Please note that due to insurance regulations, guard dog, aggressive, dangerous, and some other breeds are not accepted. A list of dog breeds that are not accepted is here: https://www.laurahawley.com/Property_Management/Dog_Breeds_Not_Allowed.

NOTE: We also do not accept any puppies or kittens.

If you have a pet(s)

If you have a pet(s), there is an additional pet application and charge per pet which is administered by a third-party pet screening tool here:

<https://app.petscreening.com/referral/XtMm3dDsBy6W>.
